

Mental Health Commission
East Metropolitan Health Service

WA Model for Violence Prevention Pilot

Why are we asking about alcohol?

Royal Perth Hospital is partnering with the Mental Health Commission to pilot a project to improve community safety and reduce pressure on emergency departments.

- You may be asked if alcohol was involved in the reason for attending the emergency department.
- Your answers will provide valuable information to help reduce alcohol-related harm.
- Your personal information will not be released outside of Royal Perth Hospital and you can choose not to answer, with no impact to your medical care.
