Broome Step Up/Step Down Service

Information Session

The Broome Step Up/Step Down (SUSD) Service will provide support for people experiencing mental health issues, in a home-like setting close to their community, friends and family.

The Mental Health Commission is undertaking a **Registration of Interest** process to gauge the level of interest and capacity from Aboriginal Community Controlled Health Organisations and/or Aboriginal Community-Controlled Organisation service providers for the Service.

A drop-in Information Session will be held in Broome for community members, service providers and local organisations to learn more about the Service and the Registration of Interest process.
