

## **Invitation to Provide Feedback – Ministerial Taskforce into Public Mental Health Services for Infants, Children and Adolescents aged 0-18 years in Western Australia (ICA Taskforce)**

The ICA Taskforce is developing a whole of system plan for State Government funded specialist infant, child and adolescent mental health services provided by WA Health Service Providers (HSPs) in both metropolitan and country areas.

The Mental Health Commission (MHC) are pleased to release the [Endorsed Terms of Reference for the ICA Ministerial Taskforce](#).

### **General feedback relating to the Terms of Reference for the ICA Ministerial Taskforce**

We welcome general feedback from a diverse range of people during the consultation period and encourage you to circulate this opportunity through your networks. All feedback will be reviewed and taken into consideration as part of the development of the final Plan and Implementation Strategy.

Feedback can be brief or more comprehensive depending on what aspects of the ICA Taskforce are important to individuals or organisations.

### **Emerging Directions – Formal submissions**

We will be actively seeking formal submissions from consumers, carers, staff and stakeholders following the development of an Emerging Directions report scheduled for release in late July 2021.

Given the number of submissions anticipated individual responses will not be able to be provided. Feedback and submissions will not be made publicly available however, the MHC does have legal obligations to provide certain information if it is requested under the [Freedom of Information Act 1992](#). Therefore, please be mindful of any confidential or personal identifying information in your responses.

You can provide feedback in any of the following ways:

- By mail: Marked 'Attention ICA Taskforce, Mental Health Commission GPO Box X2299 Perth Business Centre WA 6487'
- Or email: [CATaskforce@mhc.wa.gov.au](mailto:CATaskforce@mhc.wa.gov.au).

The MHC may also be able to provide assistance to support individuals or groups who are hard to reach and may find it difficult to access the feedback mechanisms.
