

Community Pharmacotherapy Program

INFORMATION AND SUPPORT

The Community Pharmacotherapy Program (CPP) provides support, information and advice for clients, pharmacists and medical practitioners involved in methadone and buprenorphine treatment across metropolitan and regional WA.

The program offers information and advice on methadone and buprenorphine treatment to assist people dependent on heroin and opioid medication to locate services, access treatment, and transfer their treatment between states and overseas.

Contact Details

The Community Pharmacotherapy Program can be contacted by phone on **(08) 9219 1907** or by fax on **(08) 9471 0444** (Monday to Friday, 8.30am-4.30pm, excepting public holidays) and via email **cppadmin@mhc.wa.gov.au**

Community Pharmacotherapy Program
