

Seeking Expressions of Interest

Do you or someone you know struggle with mental health, and are currently accessing Alcohol and Other Drug services?

If so, we would like to hear from you!

PWdWA has the opportunity to contribute to the development of the Mental Health and Alcohol and Other Drugs Strategy 2025-2030 (MHAOD Strategy).

We believe that people with disabilities should have a significant voice in this process and are inviting you to take part.

You can choose to participate online or face to face.

If you would like to know more, or are interested in participating, please scan the QR code below

To complete the form over the phone contact Vanessa | **08 6243 6948**
